THANKSGIVING.

BY AMY RANDOLPH.

[CONCLUDED FROM LAST WEEK.]

"Mrs. Jones has got such a beautiful big turkey in her oven, and a great mince pie! O mamma! I wish we had a turkey, I get so tired of bread and molasses!"

Mrs. Hardwicke bent down to press her lips to Willie's blue-veined forehead.

"My poor little boy!"

"I stood at the door and watched Mrs. Jones' turkey ever so long, mamma; it looked so nice in the big pan—until she told me she couldn't have little boys around, and to go off and stop staring! Mamma, when you get the money for that saucer, can we have a turkey, a very little one, mamma?"

"Hardly, Willie; the 30 cents must buy bread and coal."

"Wouldn't you like a turkey, mamma?"

"Very much, Willie."

"How much would one cost?"

"I don't know; \$2.00, perhaps."

What's the use of asking such questions?"

She spoke a little impatiently, and Willie sat silently looking at the floor a few minutes, and then got up and went out, a great ambition stirring in his little heart.

"I can sell the gold chain and cross mamma gave me, and buy a turkey," he thought. "I cried when she wanted to sell it before, but I'm two months older now."

And Willie marched down stairs holding his head very high in the air, and feeling painfully conscious of his advanced age.

"The stores are all shut; I didn't think of that," pondered Willie, with a pang of disappointment, shrinking and shivering at the biting gusts swept down the streets.

"But I could stand on the corner and offer it, as Billy Jones does his newspapers."

But Willie found it not so easy to attract attention of the busy throng who eddied perpetually past his corner.

"Please, sir, will you buy my—"

"Out of the way, boy!"

And the two gentlemen nearly overturned Willie as they rushed across the street.

"Lady, please buy my chain—it's only \$2.00."

"Two dollars for a brass thing like that! It's jokin' ye be!" ejaculated the stout Irish woman, with a passing glance of contempt; and she, too, went on her way.

"Sir, please—"

"Take care, little one! I came very near running over you!" and Theron Jaycox lifted Willie up and set him good humoredly on his feet.

"Are you all right now? What—crying? Did I hurt you?"

For the tears were making two little crystal channels down Willie's cheeks, as he stood, shivering and trembling, on the pavement.

"No, sir—not much; but—but I've dropped my gold chain."

"Dropped it? Where?" And Theron Jaycox bent down to search for what he supposed to be some gilded toy.

"Here it is—just ready to slip down into the grating. Hallo! It's real gold!"

"Yes, sir, it is," said Willie, with renewed hope. "Would you please to buy it?"

But Theron Jaycox was not paying attention to the child's words. The hot flushes were reddening across his cheeks, as he recognized the antique pattern of the twisted gold cross that hung, by a slender ring, from the chain.

"It cannot be the same," he murmured, half aloud: "and yet I could have sworn there were not two just alike in the world. Where did you get this, little one?"

"Mamma gave it to me when I was seven years old," said Willie, watching the golden gleam of the ornament as it lay in Theron Jaycox's hand.

"And who is your mamma?"

"She is Mrs. Hardwicke, sir; and I am Willie Kearney Hardwicke."

Theron bit his lips—he could almost feel himself turn pale.

"Why do you sell this chain, Willie?"

"We are so tired of bread and molasses, sir; and mamma has no money but 30 cents and I wanted a turkey for Thanksgiving so much."

"And you shall have it," said Theron, closing his hand within his fur-lined glove. "Come, Willie, I am going home with you."

"Mamma never sees company since papa died," said the boy solemnly.

"She'll see me, I think," Theron Jaycox took Willie Hardwicke up in his arms, and put him down among buffalo robes. "Now, then, tell me which way to drive," Theron!

Alice Hardwicke sat in the middle of the room, shading her eyes with one white hand, as if her old lover's face were an apparition from the other world.

"My love—my Alice! That you should have come to this! But it is over now. We will begin the world anew, Alice! My dearest, shall it be so?"

"O Theron, I did not think you ever could have forgiven me!"

"Dear, dear!" said thrifty Helen Jaycox, "the dinner certainly will be spoiled, if Theron don't make his appearance pretty soon. Hark! he's coming now!"

And she ran out to greet the coming roll of wheebs. "Theron! why, Theron, who is that with you?"

"My wife, Nelly, and my son!"

"Your wife?"

"I was married this morning. Give Alice a kiss of welcome, dear."

And Helen, with a little cry of recognition, clasped Alice in her arms, forgiving everything.

"O Alice, I'm so glad! so glad."

Little Willie feasted right royally on the Thanksgiving turkey that had been the pride of Miss Helen's culinary art, that day.

And when at last he fell asleep, with his head on Helen's lap, in the bright glimmer of the pine-log fire, she leaned softly across to put her cheek on her brother's snoulder.

"Theron, do you remember what you said to me this morning?"

"About what?"

"That you never, never should marry. That we were destined to be old bachelor and old maid for the rest of our lives."

"Circumstances alter cases, Nell."

He answered Helen's words, but he looked straight into the deep blue light of his wife's eyes.

ASTOUNDING DISCOVERY.

From Coopersville, Mich., comes word of a wonderful discovery of a pleasant tasting liquid that when used before retiring by any one troubled with a bad cough always ensuing a good night's rest.

"It will soon cure the cough too," writes Mrs. S. Himelburger, "for three generations of our family have used Dr. King's New Discovery for Consumption and never found its equal for Coughs and Colds." It's an unrivaled life-saver when used for desperate lung diseases. Guaranteed bottles 50 cents and \$1.00 at J. Taylor Day, Hazel Green, and S. S. Combs & Sons, Campton, drug stores. Trial bottles free.

Henry Cecil and Miss Carrie Swango, Cletis Swango and Miss Ora Swango, and perhaps others attended a candy pulling at the residence of Harry Little, near Flat Rock, Menefee county, Friday night last.

The Children's Friend.

You'll have a cold this winter. Maybe you have one now. Your children will suffer too. For coughs, croup, bronchitis, grip and other winter complaints, One Minute Cough Cure never fails. Acts promptly. It is very pleasant to the taste and perfectly harmless.

C. B. George, Winchester, Ky., writes "Our little girl was attacked with croup late one night and was so hoarse she could hardly speak. We gave her a few doses of One Minute Cough Cure. It relieved her immediately and she went to sleep. When she awoke next morning she had no signs of hoarseness or croup."

APPELLATE COURT DECIDES

In Favor of Judge Pratt—Majority Opinion Holds That Office of Attorney General is His.

The court of appeals on Wednesday week reversed the judgment of Judge Cantrill of the Franklin circuit court, which sustained the decision of the state contest board in giving the office of attorney general to Judge Robert J. Breckinridge, and holds that Judge Clifton J. Pratt, of Hopkins county, the unseated republican nominee, is the legal official.

The decision of the court is final and directs that Judge Breckinridge shall retire immediately from office.

Justice Guffy delivered the opinion of the court, and Judges Burnam, Durrell and O'Rear, republicans, concur with Guffy. Judges Hobson, Paynter and White, democrats, dissent from the decision.

The court of appeals through Judge Guffy says:

"The judgment or decision of the state board of contest is void and conferred no right upon the appellee Breckinridge and could not affect appellant Pratt's right and title to the office in contest, and the court below erred in rendering the judgment appealed from."

Attorney General Pratt is the only one of the Kentucky state officers on the republican ticket to get the benefit of Wednesday's decision. All the others appealed direct to the court of appeals after the decision of the contest board, and the board's decision was sustained.

Modern Surgery Surpassed.

"While suffering from a bad case of piles I consulted a physician who advised me to try a box of De Witt's Witch Hazel Salve," says G. F. Carter, Atlanta, Ga. "I procured a box and was entirely cured. De Witt's Witch Hazel Salve is a splendid cure for piles, giving relief instantly, and I heartily recommend it to all sufferers." Surgery is unnecessary to cure piles. De Witt's Witch Hazel Salve will cure any case. Cuts, burns, bruises and all other wounds are also quickly cured by it. Beware of counterfeits. H. F. PIERATT.

Robert Ferguson, of Morton's Gap, Christian county, charged with the illegal sale of whisky, was bound over to the Federal grand jury.

Sam Reuben, manager of a furniture company at Owingsville, is missing. It is said that he took about \$300 with him.

A Physician Testifies.

"I have taken Kodol Dyspepsia Cure and have never used anything in my life that did me the good that did," says County Physician Geo. W. Scroggs of Hall county, Ga. "Being a physician, I have prescribed it and found it to give the best results." If the food you eat remains undigested in your stomach it decays there and poisons the system. You can prevent this by dieting but that means starvation. Kodol Dyspepsia Cure digests what you eat. You need suffer from neither dyspepsia nor starvation. The worst cases quickly cured. Never fails. H. F. PIERATT.

George Bramble, of the Moore's Ferry neighborhood, in Bath county, had both legs broken by a barrel of salt falling on him.

Small pox is raging in the eastern part of Bath county. Three new cases are reported.

GREATER KENTUCKY WEEKLY
SPENCER COOPER, : : : Editor.

HAZEL GREEN, KY.
THURSDAY, November 28, 1901.

The town of Jackson has an epidemic of small-pox, and privately we have been told that within the year past a case of it could have been located in the town or vicinity most any time. However, it is our purpose now to warn our citizens to take precautionary measures against it. In another part of our paper we publish today a simple but sure cure for this dreaded disease, and also a preventive of it. In time of peace prepare for war is an injunction quite appropriate to the occasion, and our readers should clip and preserve this prescription against a case of necessity. It is so cheap that every family should secure a supply of the cream of tartar at once, and if the disease makes its appearance in the neighborhood use it to prevent contracting it. Personally we know nothing of its merits but we have so much confidence in it that we would risk our life upon the result should the disease attack us, and it is so simple that no harm could come of it.

AMERICAN delegates to Mexico are charged with the same ill-breeding that so often characterized British visitors to this country. Surely, men could have been picked out who, if they did not know how to behave in good society, might at least have been willing to undergo the "six easy lessons by mail" process.

SOME months ago, the country was wondering over the credibility of the victims of a man who offered to earn 520 per cent interest on money placed in his hands. Now it may again wonder, this time over the simplicity of the man who worked this lovely scheme in letting his lawyer fleece him out of his ill-gotten gains.

SO FAR AS WE KNOW, no actual cash has passed between France and the Sultan. Abdul has merely made some promises.

A Self-Operative Law.
The Kentucky court of appeals last week in the case of the commonwealth vs. the L. and N. railroad company, from Garrard county, unanimously decided that Sections 213 to 217, inclusive, of the constitution were self-operative as to fines to be imposed on railroads for discriminating in rates. A section of the statutes says that before an indictment can be returned against a railroad for discriminating in rates the state railroad commission must lodge the information upon which the indictment is to be returned. In the case just decided—the commission had taken no action, and the lower court sustained a demurrer to the indictment which was found upon the testimony of T. S. Leavell, the man who claims to have been discriminated against. The higher court says it is not necessary for the commission to act, as the constitution itself prescribes the penalty, which is a \$2,000 fine for the first offense, \$5,000 for the second and forfeiture of charter for the third.

To introduce it and obtain agents the undersigned firm will send a few of their Electric Belts on trial on the following terms: \$1.00 to be paid in ten days if the Belt proves beneficial, and the balance \$2.00, to be paid in sixty days if the Belt effects a cure. THANKSGIVING.
Written for THE HERALD.]
This day of the year is a glad day
Encircling the events of time,
And 'round it reposes our memory
Of actions in beauty and rhyme.
In the van of the year we assemble,
Retrospective of deeds we have done;
May the finger of fate never tremble
As it writes, "You, the victory have won."
What man is not grateful for kindness?
Forgiveness is better than love;
Who, then, could be anxious for blindness,
When blessings are sent from above?
Mankind is a mixture of wisdom
Endowed by the master of all,
Enjoined by a finger of folly,
Inherent in ancestral fall.
In visions of space we may ponder,
Or eternities glories foresee;
Yet man's ruthless thoughts e'er will wander
To things that were not, yet will be
Engulfed, like the mariner's vision,
In a mirage of motionless gloom;
Yet beyond every cloud there is sunshine,
At the crest of each flight there is room.
Thro' a changing of sunshine and shadow,
Thro' a path seldom dotted with pearls;
Man's course, like a murmurless vision,
Is kept by the ruler of worlds.
Today, we should thank the giver,
For blessings to our hands bestowed;
And ever be a cheerful donor
To the sanctum of glory and good.
Landsaw, Ky. MACK FRYE.

We Will Miss Them.
W. T. Swango has rented property at Millersburg, Ky., to which place he and his wife and daughter will soon remove with the view of making it their future home. There is perhaps no family in or about Hazel Green who would be so much missed. Mr. Swango as a trader has spent thousands of dollars among our farmers. He has for years been an extensive trader in cattle, hogs and sheep, most of which he bought in Wolfe and Morgan counties, and has always paid the top price. In short, he is a liberal buyer, and the monthly sums that he thus disbursed has kept a flow of currency among our farmers. His wife is devoted to church work and has been a leader among the Methodists, of which denomination she is a member, and church people will sadly miss her in church work. She was among the foremost in every enterprise that tended to the upbuilding of her church, and many times, but for her leadership contemplated revivals would have fallen through. When the church was to be painted or the pastor to be pounded Ellen Swango was always in the lead and by her example enthused many members who were lukewarm in the work. Miss Dora, just now budding into womanhood, is a lovely girl who has many admirers, and the people generally will regret to see her depart. We but voice the sentiment of the people in saying that we are loath to see them leave, but our loss is Millersburg's gain, and we hope they may be received in their new home and as sincerely loved and respected as they have been here.

A special train of seven express cars loaded to the guards with dressed turkeys left Paris Friday night via the L. and N. for Boston and Philadelphia. Each car contained 25,000 pounds. The present shipment will net about 13 cents per pound.
This is an industry that could be followed to better advantage in the mountains than it is. With the vast range and the wild mast, our farmers could raise thousands of pounds more of this great American bird than they do, and the mast would give them a flavor that would command a higher price than those grown anywhere. Why are not more raised?

J. A. Thompson was elected chief of police of Lebanon.
There is a lively contest on for the postoffice at Albany. W. L. Perkins and J. G. Huff are the applicants.
Dr. Phil Foley and Miss Helen Connell were quietly married by the Rev. Father Burke at the Catholic church in Paris.
John Peavine Webster died at Elliston from a gun shot wound inflicted by Jim Claxton Thursday night while the two men were at a dance at Ferece Supplies, in Grant county.
Marion Chitwood and Richard Jones were arrested at Williamsburg, charged with the murder of Rufus Angel about three weeks ago. Angel was called to his door and shot.
Drilling has commenced on the Crockett farm, in Koger valley, Clinton county. The John Beatty well, near Mangin, is down 300 feet. Oil was struck in the Bent Russell well at Chanute, Tenn.
In the annual declamatory contest between the Deionologian and Chamberlain literary societies at Danville, first medal was won by G. Oscar Letcher of Henderson, and second medal by Lewis Pink of Cincinnati.
Captain James R. Ferguson of the steamer Hallettee, which is at present undergoing repairs at the Mound City (Ill.) marine ways, has been missing since Tuesday night, and the supposition is that he has been the victim of foul play. He lives at Paducah.
George Knox, a well known young man of Owsingsville, was shot and fatally wounded by Tip-top Pieratt. Several young men were in the Democrat office with guns and bowie knives, and young Pieratt was showing his gun when it was accidentally discharged.
George W. Wait and R. G. Hail, president and cashier of the defunct Somerset banking company, were granted a change of venue to Laurel county by Judge Morrow, they having filed an affidavit that owing to the prejudice against them they could not obtain a fair trial in Pulaski county.
Mystery surrounds the death of Mrs. Anna Wing of 122 Front street, Newport, at the Cincinnati Hospital. Symptoms were present which tended to indicate that she may have been poisoned. She fell unconscious on Ida street, Mt. Adams. An analysis of the stomach will be made.
Dr. James Rodman, former superintendent of the Western Kentucky asylum for the insane, at Hopkinsville, had a narrow escape from being shot, and perhaps killed. While he was standing near a window in his residence a bullet crashed through a pane of glass, passing within an inch of his head.
West Point is considerably exercised over the removal of Prof. D. S. Roberts, principal of the West Point graded school. A meeting of the tax payers of the city was held to take action against the trustees who removed him. The meeting resulted in the adoption of pointed resolutions, in which the board of trustees was scored.
Considerable excitement has been created at Lawrenceburg by the discovery of natural gas at the Bond & Lillard distillery, near that place, where the Kentucky distilleries and warehouse company was drilling for water. The gas was struck at the depth of about 135 feet, and becoming ignited burned steadily for several days without perceptible decrease in the flow.

A Suspicious Character.
There arrived in Frenchburg on Monday morning last a boy, who was scantily clothed, with swarthy complexion and who would weigh about 115 pounds. He was riding a roan one-eyed mare, which he tried to sell for \$10.00, but subsequently offered to take \$25.00 for the mare, saddle and bridle, and intimated that he might take less as he wanted the money to go to Morehead. Asked as to how he came by the mare, where he was from, &c., he replied that she belonged to him, that he lived at the little tunnel, on the Frozen side, and said he had ridden from that place, via Lee City and Caney, to Frenchburg that morning. As it was then only 11 o'clock and the distance some 56 miles as outlined in his route, the story looked suspicious and the authorities at Frenchburg made inquiry by telephone to Lee City as to his identity. They could ascertain nothing authentic, and arrested him as a suspicious character. Approves of this Milt Lykins telephoned here Friday that he had lost a roan horse or mare, recently purchased at Mt. Sterling, and some think this is the animal, and that the boy stole her and assumed the name, knowing that a family of Davis' lived near Lee City. When he arrived in Frenchburg and inquired what town it was and was told Frenchburg, he said he thought it was Mt. Sterling.
LATER—Since the above was put in type the boy confessed that he had stolen the horse on Jones creek, above West Liberty and that his name is Harris, a nephew of one Sanford Harris, who served a term in the penitentiary for horse-stealing. The young lad was taken to West Liberty jail Monday night. The Morgan circuit court being in session the young man will no doubt secure his pass part at this term, and ere our paper is again issued, be enroute to the post.
The boy's name is Emmet Harris and the horse belonged to John Lewis, on head of Yocum.

HAZEL GREEN, KY.
THURSDAY, November 28, 1901.
The town of Jackson has an epidemic of small-pox, and privately we have been told that within the year past a case of it could have been located in the town or vicinity most any time. However, it is our purpose now to warn our citizens to take precautionary measures against it. In another part of our paper we publish today a simple but sure cure for this dreaded disease, and also a preventive of it. In time of peace prepare for war is an injunction quite appropriate to the occasion, and our readers should clip and preserve this prescription against a case of necessity. It is so cheap that every family should secure a supply of the cream of tartar at once, and if the disease makes its appearance in the neighborhood use it to prevent contracting it. Personally we know nothing of its merits but we have so much confidence in it that we would risk our life upon the result should the disease attack us, and it is so simple that no harm could come of it.

Catarrh

Is a constitutional disease. It originates in a scrofulous condition of the blood and depends on that condition. It often causes headache and dizziness, affects the vocal organs, disturbs the stomach. It is always radically and permanently cured by the blood-purifying, alterative and tonic action of

Hood's Sarsaparilla

This great medicine has wrought the most wonderful cures of all diseases depending on scrofula or the scrofulous habit.

HOOD'S PILLS are the best cathartic.

Much To Be Thankful For.

Last night at supper we remarked to our better seven-eighths that as we could not regale the editorial appetite on turkey today we should expect a mince-pie. After supper some one passing the office said a gentleman at Caskey's store wished very much to see us. With a variety of visions we hastened to see what was desired—thought it might be a delinquent desiring to settle up to date—and at the same time get our mail. What was our surprise when W. T. Swango walked in and presented us with a fine fat turkey hen. Did he anticipate what we say of him in another part of the paper under the caption, "We Will Miss Them"? He certainly knew nothing of it, nor did any one else outside the office, and he and his good wife have thanks of ourself and better seven-eighths. Indeed, though we bear our burdens, we have much to be thankful for, and to Him above all.

Cecil-Linden.

At the residence of the bride's mother, Mrs. Roslyn Linden, on Gillmore, on Wednesday, the 27th inst., Mort Cecil and Miss Lizzie Linden were united in the holy bonds of matrimony. Two souls with but a single thought, two hearts that beat as one. The groom is a son of our fellow-citizen E. F. Cecil, of Morgan county, and is a young man of industrious and sober habits, while the bride is a belle of the brunette type. And, speaking of this reminds us that they are exactly opposite in complexion—the groom being a blonde and the bride a pronounced brunette, who reminds one of the young ladies born in the extreme south. THE HERALD joins their host of friends in wishing them a long, prosperous and pleasant life.

"No That Any Good Would Win" should be provided with good health and every one who would have good health should remember that pure, rich blood is the first requisite. Hood's Sarsaparilla, by giving good blood and good health, has helped many a man to success.

If you want a doll for your little girl or a toy for your bright-eyed boy call upon Cecil & Bro., and they will give you joy. Or if you want something nice for older ones call and look over their array of holiday goods. In the matter of groceries they lead in low prices and the quality is always A1. A visit to their store will amply repay you because you will find everything fresh and nice. Candy of the fancy kind, bananas, oranges, etc., are a specialty, and they want your trade. 'Nuff said!

It Saved Her Life.

Gooch's Mexican Syrup has accomplished a cure in this neighborhood which has astonished the people. Miss Davis was given up to die by her attending physician. She had lung fever. The doctor said she would die before morning, and advised to discontinue his medicine, as it was doing her no good. Her parents had a bottle of Gooch's Mexican Syrup and Gooch's Quick Relief in the house. They at once began to give the Syrup in doses one hour apart, and frequently bathed her chest with the Quick Relief. Before morning she was better, and after using a few bottles of each, she is almost as well as ever. It was almost like raising the dead, and has established the reputation of Gooch's Mexican Syrup here as a cough remedy; we can sell nothing else.

J. & N. SANDS, Trimble, Athens county, O. Gooch's Mexican Syrup cures a simple cough as if by magic, and is the best remedy for whooping cough. Price 25c.

I have just received my annual catalogue of jewelry, watches, clocks, silver plated ware, etc., for 1902, and cordially solicit special orders. You should make your sweetheart, father, mother, sister, brother or friend a nice Christmas present. Come and make a selection and save from 20 to 25%. J. T. GEVEDON, Hazel Green, Ky.

Getting Thin

is all right, if you are too fat; and all wrong, if too thin already. Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: over-work and under-digestion.

Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however, you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work—you can't long be well and strong, without some sort of activity.

The genuine has this picture on it, take no other. If you have not tried it, send for free sample; it's a greasy taste will surprise you. SCOTT & BOWNE, 409 Pearl Street, New York. 50c. and \$1.00; all druggists.

Cardinal Gibbons on The "New Woman."

Since the advent of the so-called "new woman" no one has been more constant in opposing her masculine tendencies than Cardinal Gibbons. As a man of wide experience, with opportunities for studying human nature as varied and numerous as they are unusual, he has been able to investigate this phase of modern life under the most favorable circumstances. His views of the question, from a thoroughly secular standpoint, will be presented in an early number of The Ladies' Home Journal under the suggestive title of "The Restless Woman."

We are glad to know our fellow-townsmen, J. F. Vansant, has been chosen to succeed G. B. Swango who resigned as chairman of the democratic committee of our county. We believe him to be strong enough to hold the banner of democracy so high that the enemy shall not dare to haul it down.

A message from Oklahoma, this county, came to Jailer Combs Sunday morning to look out for a man on a mule with a spot in his forehead and a crooked tail. The man was followed from Beattyville, where the mule was stolen, but on being over taken he proved to be the wrong man and was released. His name was a Mr. Day from Morgan county.

Sidewalks Must Now Be Built!

There are a number of sidewalks in the town only partly built, or badly built, which must be completed according to specifications on file in the Secretary's book. The matter of building walks or pavements, has been kept quiet, pending the decision in the McNabb case in the Court of Appeals. Now, as it has been shown that the Board of Trustees has sole control of the building of sidewalks, it will be expected that all walks be put in first-class condition at once. There will be no "dilly-dallying" any more. Property owners who have been ordered to build sidewalks may call upon the clerk, C. B. Rose, for specifications.

We claim to be the **Lowest Priced Whiskey House**. We really sell whiskey as low as \$1.10 per gallon, and mind you: distilled whiskey—not a decoction of chemicals—but of course it is new and under proof.

Our "**Mountain Dew**" is a year old whiskey is a liquid joy! It is actually produced by honest far heels in the Mountain Section of N. C. by the old time hand process. Every drop is boiled over open furnace wood fires, in old style copper stills, in exactly the same way as distilled by our grandfathers a century ago. First rate whiskey is sold at \$5 and 30 per gallon, but is not any better than "Mountain Dew." It is the best in the world and most please every customer or we will buy it back for Gold—and the Peoples National Bank of Winston, N. C., will tell you our guarantee is good. To more fully introduce "Mountain Dew," we offer either three or five gallons (in plain sealed box), at the special price of \$1.10 per gallon, each with order. Positively no larger amount shipped. On future shipments we will require the usual price, viz: \$2.50 per gal. Express prepaid to all regular customers. + THE ARENA +
Under the editorial management of Charles Bradie Patterson, B. O. Flower and John Emory McLean.

The COMING AGE has been merged into the ARENA, and B. O. Flower, who founded and built up the ARENA, has returned to its editorial department, in which work he is associated with Mr. Charles Bradie Patterson, President of the Alliance School of Applied Metaphysics, author of a number of leading works devoted to the New Thought, and one of the most advanced philosophical thinkers of the times, and Mr. John Emory McLean, who for the last two years has been the working editor of the ARENA, and is now associated with Mr. Patterson in the editorship of MIND.

This able editorial staff is assisted by the strongest and most authoritative thinkers in the New World, who from month to month contribute their best thoughts to the review which for many years has occupied a foremost position in the very vanguard of the great authoritative magazines of the English speaking world. It is the determination of the present management to restore the ARENA to its old prestige and make it absolutely indispensable to all wide awake and progressive people. Here is a list of a few contributors to early issues. They are sufficient to indicate the authoritative character of the ARENA under its new editorial management:

Hon. Wayne MacVeagh, LL.D.
Dr. R. Osgood Mason.
Rev. R. Heber Newton, D.D.

A WORD ABOUT "MIND."
The magazine, MIND, is a large and handsome monthly review, edited by John Emory McLean and Charles Bradie Patterson (with whom Mr. Flower is associated in editing the ARENA), and devoted to the New Thought, embracing Practical Metaphysics, Psychological Science, the New Psychology, Occultism, etc. Among its contributors are such writers of international reputation as the Rev. R. Heber Newton, the Hon. Royd Winchester, LL.D., Prof. George D. Herron, and Elizabeth Cady Stanton.

ARE YOU DEAF?
ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE
by our new invention. Only those born deaf are incurable.

HEAD NOISES CEASE IMMEDIATELY.
F. A. WERNER, OF BALTIMORE, MARYLAND.

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be read at your discretion.

About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the best houses would then cease, but the hearing in the affected ear would be lost forever.

I then saw your advertisement, accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noise ceased, and 4 to-day, after five weeks, my hearing in the deafened ear has been entirely restored. I thank you heartily and beg to remain

Very truly yours,
F. A. WERNER, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. **YOU CAN CURE YOURSELF AT HOME** at a nominal cost. **INTERNATIONAL EARL CLINIC, 568 LA SALLE AVE., CHICAGO, ILL.**

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers. They filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pain, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar bottles.

You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

FOR SMALL-POX.

Mode of Treatment Which It is Said Will Both Prevent and Cure.

Below is an extract from an exchange that is of general interest at this time:

The following prescription for small-pox is said to be now generally used in Great Britain. We give what is said about it by a resident of Liverpool: "I am willing to risk my reputation as a public man if the worst case of small-pox cannot be effectually cured in three days, simply by cream of tartar dissolved in a pint of boiling water, to be drunk when cold, at short intervals. It can be taken at any time, and is a preventive as well as curative. It is known to have cured a hundred thousand cases without a failure. I, myself, have restored hundreds by this means. It never leaves a mark, never causes blindness and always prevents tedious lingering."

Spreads Like Wildfire.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years." You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, rundown man or woman. Price 50 cents. Sold by J. Taylor Day, Hazel Green, or S. S. Combs & Sons, Campton, drug stores.

File Contest for Office.

The following suits of contest have been filed in the Breathitt Circuit Court: John Griffith vs. James Hargis; D. F. Hags vs. Henry B. Noble; W. D. Back and William Spencer; Charles Terry vs. Ed. Callahan. The contestants are the defeated Republican candidates for the county offices. They seek to throw out three of the largest democratic precincts on the ground of alleged fraud.

Great Luck of An Editor.

"For two years all efforts to cure Eczema in the palms of my hands failed, writes Editor H. N. Lester, of Syracuse, Kan., "then I was wholly cured by Bucklen's Arnica Salve." It's the world's best for eruptions, sores and all skin diseases. Only 25c per box. Sold by J. Taylor Day, Hazel Green, or S. S. Combs & Sons, Campton.

Abe Bolling and William Auxier met on the highway near Rectorsville, in Marion county, to settle an ancient grudge with pistols. Moses Barnett, who was near, caught a bullet in his leg and a horse was shot.

Smallpox in Jackson is spreading rapidly. Eight new cases are reported. Postmaster J. Porter Crain is one of the latest victims. Every effort is being made to check the spread of the disease.

A Trio of Sportsmen.

Jim Pres Power, Harlan Power and Tom Prater, of Magoffin county, were here hunting last week, and on Friday morning sent the editor and his better seven-eighths a half dozen plump partridges, accompanied by a note stating that they had up to that time killed 387, an average of 129 a piece in four days. This we call pretty fair sport, and we opine that the three gentlemen named are thorough sportsmen, but we do not know which of the trio is the crack shot, or whether all are about equal. We are glad they are finding good sport and enjoying it for they are proverbially good fellows. Apparently birds are very plentiful this year, we are told, and they are in fine condition, we know, from the lot these gentlemen complimented us with. Thanks again, gentlemen, for your gift, and may you always find lots of game when you go a gunning.

That Thobbing Headache.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and build up your health. Only 25 cents. Money back if not cured. Sold by J. T. Day, Hazel Green, or S. S. Combs & Sons, Campton, druggists.

Mr. Chamberlain has devised a new plan of campaign, whereby the Boer war may be ended before the coronation. He had better get expert opinion on it before trying it. General Botha, for instance, can advise him.

Reliable and Gentle.

"A pill's a pill," says the saw. But there are pills and pills. You want a pill which is certain, thorough and gentle. Mustn't gripe. DeWitt's Little Early Risers fill the bill. Purely vegetable. Do not force but assist the bowels to act; strengthen and invigorate. Small and easy to take. H. F. Pieratt.

There is nothing like ASTHMALENE. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with painful sore throat and Asthma for 10 years. I despaired of ever being cured. I saw your advertisement for the cure of this tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full size bottle."

Rev. Dr. Morris Wechsler, Rabbi of the Cong. Bnai Israel, New York, January 3, 1901.

DR. TAFT BROS. MEDICINE CO.: Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful.

DR. TAFT BROS. MEDICINE CO.: Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I have since purchased your windows on 130th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle the Asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully, O. D. PHELPS, M. D.

February 5, 1901. Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. State College of Kentucky.

The Agricultural and Mechanical (State) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post graduate courses of study are also provided, leading each to a master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than thirty professors and instructors. County Appointees receive tuition, room rent in dormitories, fuel and lights, and if they remain ten months, traveling expenses. The laboratories and museums are large, well equipped, comprehensive and modern. The last Legislature appropriated \$30,000 for a college home for young women, and a drill hall and gymnasium has been provided for men. Military tactics and science are fully provided for and required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation list was 620. For catalogue, method of obtaining appointments, information regarding courses of study and terms of admission, apply to JAMES K. PATTERSON, Ph. D., LL. D., President, Or to Prof. D. C. Mr. Cooper, Hazel Green, Ky.: I purchased some of the Vitae-Ore of you in the latter part of March, and after taking about a half-pint of the Vitae-Ore Elixir my nerves were as steady as when I was 16 years of age, and I am now past 75. For more than a year I had been trying all the patent medicines and nostrums I could hear of to build myself up, but nothing did me any good until I used Vitae-Ore, which my wife brought me from your house. After using it a week I went out and did three days' as hard work as I have done in 25 years, and I was not more fatigued than I was 25 years ago over the same work. It is the grandest medicine in the world, and I want everybody in the mountains to know what it did for me so they may try it. Hoping every one who has that tired feeling incident to old age will buy Vitae-Ore of you and give it a fair trial, I remain, thankfully yours for putting me on to this remedy.

JAMES LACY.

I can vouch for every word Mr. Lacy says in the above. I am his wife and bought the medicine of Mr. Cooper for him, though I did not have much faith in it, because we had tried so many things that did no good. I have also used Vitae-Ore, and am stronger and in better health than for years, which I attribute to its use.
